

LM026

SmartPhone Recovery Pro™

SmartPhone Data Recovery solution for Apple iPhone® and iPad

The SmartPhone Recovery Pro™ is a new innovative product from LM Technologies, designed to recover deleted data from an Apple iPhone® including iPhone® 4.

The SmartPhone Recovery Pro™ is a software based solution which runs directly from a USB flash drive, that will help you recover deleted data as well as other data from your Apple iPhone®.¹

Simply connect the iPhone® to a Windows based PC with the cable included in the DVD case and then connect the drive to the same PC through a USB port.

The data can be recovered from the iPhone® directly or from a backup file using iTunes®. All versions of iPhone® OS will be supported from iPhone® v1 - v4.

Owing to its extensive recovery function and easy-to-use interface, the SmartPhone Recovery Pro™ is an ideal solution for retrieving deleted data from an iPhone®.

¹ Please Note: You must have the PIN for locked phones before performing a recovery.

Product Features:

- Software runs directly from the flash drive. No need to install to your PC.
- Retrieve data from iPhone® including
 - SMS/Text Messages
 - Contacts
 - Call History
 - Graphics/Photos
 - Internet History
 - Map History
 - Calendar Items
 - Phone Properties including model number , serial number, and iOS version
 - Search Text
 - Notes
- Recover deleted data from iPhone® including
 - SMS/Text Messages
 - Contacts
 - Call History
 - Calendar Items
- Option to recover from a backup file created by iTunes® or directly from the iPhone® (direct method requires iPhone® to be connected to your PC via the supplied data transfer cable)
- With the SmartPhone Recovery plugged in, the software will automatically detect your iPhone® and connect to it.
- Make a backup of your SMS, Contacts, Call History, internet bookmarks, web history from your iPhone® using the "Export to Excel" function.

The LM-026 is supported on the following platforms : Windows XP, Windows Vista and Windows 7
(Product has been tested with the latest update / service pack of the above operating systems)
